
	<b>North Carolina Department of Commerce</b> <b>Division of Workforce Solutions</b>
	<b>DWS Policy Statement Number: PS 07-2020, Change 1</b>
	<b>Date: June 2, 2020</b>
	<b>Subject: 2020 Lower Living Standard Income Level and to Rescind DWS Policy Statement Number 07-2020</b>
	<b>From:</b>   <b>Jessica Englert</b> <b>Assistant Secretary for Workforce</b>

**Purpose:** To transmit the updated income chart identifying the higher of the "Federal Poverty Level Income Guidelines" and the "70% Lower Living Standard Income Level Guidelines" for the year and rescind DWS Policy Statement Number 07-2020. This update adds Anson and Camden to the list of Metropolitan Statistical Area Counties.

**Background:** The U.S. Department of Labor (USDOL) published the Lower Living Standard Income Level (LLSIL) in the Federal Register on April 30, 2020.

The LLSIL is used for several purposes under the federal Workforce Innovation and Opportunity Act (WIOA). Specifically, WIOA SEC.3(36) defines the term "low-income individual" for eligibility purposes, and Sections 127(b)(2)(C) and 132(b)(1)(B)(V)(IV) define the terms "disadvantaged youth" and "disadvantaged adult" in terms of the poverty line or LLSIL for state formula allotments. The governor and state and local Workforce Development Boards use the LLSIL for determining eligibility for youth and adults for certain services.

USDOL Employment and Training Administration (ETA) encourages governors and state/local boards to consult the WIOA Final Rule and ETA guidance for more specific guidance in applying LLSIL to program requirements. WIOA defines the term "low income individual" as one who qualifies under various criteria, including an individual who is in a family with total family income that does not exceed the higher level of the poverty line or 70 percent of the LLSIL.

North Carolina and local Workforce Development Boards use the LLSIL for determining eligibility for Youth and Adult Programs for certain services. WIOA Section 3(36)(B) defines the LLSIL as "that income level (adjusted for regional,

metropolitan, urban and rural differences, and family size) determined annually by the U.S. Secretary of Labor based on the most recent lower living family budget issued by the Secretary."

**Action:** The attached 2020 LLSIL Income Chart is to be used to determine low-income status of applicants for WIOA services as noted in WIOA Section 3(36)(B).

**Effective Date:** April 30, 2020 (Per USDOL)
